

AMPLIFIERS

Amplifiers for Acoustic Guitar, Electric & Bass Guitars and Keyboards
Multi-Channel and AC/DC Amplifiers. Guitar/Bass Combos / Practice Amplifiers
Jade Sound Systems has been Australia's largest manufacturer of affordable Amplification and PA Systems since the late 60's. Many companies and products have come and gone, but we still continue to produce quality affordable amplification in a range of Guitar, Bass and Keyboard models.

There is also a growing list of imported Amplifiers designed by us in Australia and manufactured under our strict control in China, Korea and Taiwan. These include Acoustic Guitar Amps, AC/DC Amps and Multi-Use Amps.
